

F.A./Plus Granules

(Omega Fatty Acids, Vitamins & Minerals)

- ▶ An **omega fatty acid supplement for horses plus essential vitamins and minerals.**
 - Aids in the maintenance of healthy skin and hair coat in horses.
 - Delivers **enriched levels of omega-3 fatty acids.** Also includes omega-6 fatty acids.
 - Essential fatty acid supplementation reportedly improves clinical signs associated with atopic and seborrheic conditions.^a Ideal product to use as an adjunct for management of equine patients with allergies, inflammatory disease conditions, poor skin and hair coat, etc.
 - **Ideal supplement for use with performance and show horses to improve skin and hair coat, plus help alleviate inflammatory conditions.**
- ▶ Unique supplemental source of omega fatty acids: **Flaxseed oil.**
 - **Flaxseed oil naturally provides enriched levels of omega-3 fatty acids.**
 - Documented results and benefits for alleviating clinical signs and symptoms in allergic skin conditions.^{b,c}
 - Omega-3 fatty acids have **potent anti-inflammatory properties**, thus potentially beneficial in horses with chronic arthritis and other inflammatory disease conditions.^a
 - Omega-3 fatty acids are critical in the development of the neonatal nervous system.^a
 - Each 30 gram scoop delivers 3,000 mg of omega-3 fatty acids, plus 750 mg of omega-6 fatty acids.
 - More convenient and quicker to dose than other flaxseed products.
- ▶ Formulated with a proprietary, **highly palatable sweet apple and molasses flavor** base.
 - Greatly **enhances the acceptance** of this supplement by the horse.
 - Horses consume the complete dose generating quick and better clinical results.
- ▶ **Granule dosage form** easily sprinkled on or mixed with feed.
 - **Convenient** dosage form to ensure client compliance for daily dosing.
 - **Improved client satisfaction.**

- ▶ Simple dosage schedule:

Timing

Initial Dosage (2 weeks)

Maintenance Dosage

Dosage

2 scoops/day

1 scoop/day

Visible results achieved in 2 weeks!

- ▶ **100% Palatability Acceptance.**
 - Pala-Tech guarantees horses will readily consume this supplement. If your client's horse does not like the taste of this product, simply contact your authorized Pala-Tech Veterinary Distributor for replacement product.
- ▶ Professionally labeled and packaged in two package sizes (includes 30 gram precision dosing scoop):
 - **1,800 gram container.**
 - Easy-to-open, user-friendly container.
 - Contains 60 doses at maintenance level.
 - **10 lb. pail with metal handle.**
 - Contains 4,540 grams, which is over 150 doses at maintenance level.
 - Most affordable package size.
- ▶ Formulated and labeled exclusively for use in horses.
