

ForSight™ w/ L-Lysine Granules

(Vision and Tear Stain Supplement w/ L-Lysine)

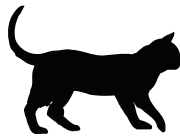

- ▶ **Natural dietary supplement formulated specifically for use in cats and kittens to:**
 - 1) deliver key ingredients (i.e. carotenoids) beneficial for overall eye health function and longevity,
 - 2) provide L-Lysine to help support a healthy immune system and to provide respiratory health support, and
 - 3) help manage or eliminate tear stains from the inside out.
- ▶ **Beneficial ingredients provided in one supplement with each daily dose:**
 - **Carotenoids are considered the foundation for excellent visual health and are a super source of antioxidants.** Included are the following carotenoids:
 - **Lutein & Zeaxanthin** - Both of these carotenoids selectively accumulate in the lens and retina of the eye and cats can readily absorb these nutrients. Effective in preventing or slowing the progression of cataracts and retinal degeneration in animals. Included at high enough levels for positive clinical effect.
 - **Lycopene** - A major carotenoid found primarily in tomatoes and watermelon that has been shown to protect against cataract formation *in vitro* and *in vivo*. Demonstrated to be 100X stronger than Vitamin E as an antioxidant.
 - **Bilberry Extract** - Is a relative of the American blueberry that is a very powerful carotenoid. Sourced from the fruit of *Vaccinium myrtillus* and contains an abundance of anthocyanosides, which are chemical compounds with powerful antioxidant and anti-inflammatory properties. Possibly improves night vision.
 - **L-Lysine** – Each scoop delivers 250 mg of L-Lysine to help maintain normal eye function and health, plus is recommended for conditions responsive to L-Lysine.
 - **Omega-3 Fatty Acids, Grape Seed Extract, Alpha Lipoic Acid,** etc. are included to provide additional benefits for the eye, such as anti-inflammatory effect, antioxidant protection to minimize oxidative stress, prevention of eye diseases, etc.
- ▶ **Highly palatable, flavored granules simplify daily dosing** for cat owners.
 - Flavored with a natural chicken liver flavor to guarantee the cat will readily consume the granules.
 - Ensures complete consumption of the daily dose generating better clinical results.
- ▶ Formulation developed with input and evaluation by board-certified veterinary ophthalmologists.
- ▶ Recommended dosage schedule:
 - Adult Cats – Administer 1 scoop (2.5 grams) daily.
 - Kittens – Administer ½ scoop daily.

Dosage may be increased to twice a day (BID) if necessary.
- ▶ **CAUTION:** Due to the high levels of beneficial carotenoids, this product may cause a slight orange discoloration on fingers and light colored surfaces. This can be quickly and easily removed by washing with soap and water.
- ▶ **100% Palatability Acceptance Guarantee.**
 - Pala-Tech guarantees cats will readily consume this supplement. If your client's cat does not like the taste of this product, simply contact your authorized Pala-Tech Veterinary Distributor for replacement product.
- ▶ Professionally labeled and packaged in an **easy-to-open, user-friendly plastic container.** Provides enough product to see positive results in the first container.
 - 300 grams/container – includes a 2.5 gram precision dosing scoop.

Made in the U.S.A.

FELINE

ForSight™ w/ L-Lysine Granules

(Vision and Tear Stain Supplement w/ L-Lysine)

- Comprehensive eye/vision health supplement formulated specifically for use in cats and kittens.
- Includes L-Lysine for immune system and respiratory health support.
- Palatable, flavored granules for simple daily dosing.
- Will help manage and eliminate tear stains from the inside out.

Pala-Tech™ Feline ForSight™ w/ L-Lysine Granules is a revolutionary ocular health supplement formulated to deliver key ingredients beneficial for overall eye health function and longevity, while also helping to eliminate unsightly tear stains from the inside out. In addition, the formulation contains L-Lysine to help support a healthy immune system and to provide respiratory health support.

Recommended Use:
The following dosage schedule is recommended for daily administration. Consult with your veterinarian to determine the proper dosage and schedule for each cat prescribed this product.

Adult Cats: Administer 1 scoop daily.
Kittens: Administer 1/2 scoop daily.

Administration may be increased to twice a day or as directed by your veterinarian.

Administration: A 5-cc precision dosing scoop is included to measure out the prescribed daily dose to administer over the cat's food. Product may be mixed with food to facilitate complete consumption. Pala-Tech Feline ForSight w/ L-Lysine Granules is formulated with a proprietary, highly palatable chicken liver flavor to ensure cats will readily consume the supplement.

KEEP OUT OF REACH OF CHILDREN

Store at room temperature; 15°C – 30°C (59°F – 86°F).
Avoid excessive heat.

FELINE

Feline ForSight™ w/ L-Lysine Granules

(Vision & Tear Stain Supplement w/ L-Lysine)

**For Veterinary Use in
Cats Only**

Net Weight: 300 grams

Composition: Each scoop (2.5 grams) of Feline ForSight™ w/ L-Lysine Granules contains:

L-Lysine Hydrochloride	250 mg
Proprietary blend of Bilberry Extract (fruit) (<i>Vaccinium myrtillus</i>), Lutein, Omega-3 Fatty Acids (EPA & DHA), Grape Seed Extract, Ginkgo Extract (leaf) (<i>Ginkgo biloba</i>)	41.8 mg
Lycopene from Tomato Extract	0.7 mg
Zeaxanthin	14.0 mg
Green Tea Extract 40% EGCG	6.0 mg
Taurine	20.0 mg
Alpha Lipok Acid	10.0 mg
Coenzyme Q10	70.0 mcg
Cranberry Extract	1.0 mg
Marshmallow Root	0.8 mg
Vitamin B ₁	70.0 mcg
Vitamin B ₂ (thiamine mononitrate)	1.8 mcg
Vitamin B ₃ (riboflavin)	6.3 mcg
Vitamin B ₅ (niacin)	0.8 mg
Vitamin B ₆ (pyridoxine HCl)	12.5 mcg
Vitamin B ₁₂ (cyanocobalamin)	15.0 mcg
Folic Acid (Vitamin B ₉)	1.4 mg
Biotin (Vitamin B ₇)	6.3 mcg
Pantothenic Acid (Vitamin B ₅)	0.8 mg
Vitamin C (D-alpha tocopherol)	125 mcg
Vitamin E (copper amino acid chelate)	15.0 mcg
Copper (zinc amino acid chelate)	1.4 mg
Selenium (sodium selenite)	15.0 mcg
Zinc	1.4 mg

Caution: Product may cause a slight orange discoloration on light colored surfaces because the granules contain a high concentration of beneficial carotenoid ingredients. This can be quickly and easily removed by washing with soap and water. Safe use in pregnant cats or cats intended for breeding has not been proven.
