

Pala-ZYMES™ Plus Probiotics Granules

(Proprietary Blend of Natural Plant Enzymes & Probiotics)

- ▶ **Comprehensive and completely balanced formulation of 14 high quality, natural plant digestive enzymes, PLUS a proprietary blend of powerful and effective probiotics.**
 - Provides the necessary digestive enzymes to completely digest and deliver the vital nutrients in a pet's daily diet.
 - **Increased bioavailability and absorption of essential nutrients and fatty acids** will increase the caloric value and nutritional efficiency of the pet's food.
 - Probiotics included are a 100% spore-based, broad spectrum blend proven to maintain healthy GI tract barrier function and improve overall immunity.
 - **All ingredients are human food grade quality blended to deliver consistent amounts per dose.**

- ▶ **Probiotics are a proprietary blend of viable *Bacillus subtilis*, *Bacillus licheniformis* and *Bacillus pumilus* for maximum clinical effectiveness.**
 - These spore-based Bacillus strains have a bi-phasic life cycle allowing them to remain dormant in harsh environments (i.e. stomach acid) until they reach more favorable environments to grow, like the GI tract. Once inside the large intestine, these dormant spores can change into their active, vegetative forms and begin to colonize the gut.
 - Will recondition the gut by promoting microbial diversity and maintaining key healthy-promoting, commensal gut bacteria.
 - **Formula delivers 5 billion CFU's (colony forming units) per dose** (¼ teaspoon).

- ▶ **Beneficial for a variety of clinical conditions, such as:**
 - Improving digestion
 - Flatulence
 - Weight management
 - Bloating
 - Immune system disorders
 - Improving hair coat
 - Coprophagia
 - Digestive disorders
 - Excessive shedding
 - May be used in conjunction with antibiotic therapy, de-worming and during times of stress

- ▶ Safe to use in pets (i.e. dogs, cats, small mammals) of all ages.
 - **Palatable granule dosage form** is easily sprinkled on or mixed with the pet's food.

- ▶ **Flavored with a proprietary, highly palatable chicken liver flavor** pets love to eat.
 - Pets will readily consume the entire dose **improving clinical results and client satisfaction.**
 - **Improves dosing compliance** and is simple for clients to administer daily.

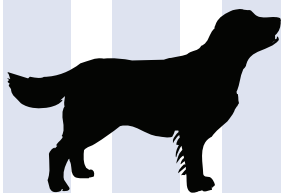

- ▶ Recommended dosage schedule:
 - Dogs: Administer ¼ teaspoon per cup of pet food.
 - Cats: Administer ¼ teaspoon per cup of pet food.
 - Other Mammals: Administer ¼ teaspoon per cup of pet food.

For best results, use at every feeding.
For geriatric pets, it is recommended to double the dose.

- ▶ Pala-ZYMES Plus Probiotics will not interfere with any medication or medical therapy, since it is not a drug.

- ▶ **100% Palatability Acceptance.**
 - Pala-Tech guarantees pets will readily consume this supplement. If your client's dog, cat or other pet does not like the taste of this product, simply contact your authorized Pala-Tech Veterinary Distributor for replacement product.

- ▶ **Professionally labeled for veterinary use** and packaged in an easy-to-open, user-friendly container (includes a precision dosing scoop):
 - 300 grams/container (240 servings)
